2 Themes and goals of the event:

Allowing students to master basic skills (reading, writing, counting and respecting others) requires doing even more of kindergarten or structures welcoming young people from 2 to 6 years old : a school of development and language.

The following issues would be presented and discussed:

- What strategy for the pre-primary education?
- What steering system?
- Which means and tools ?
- What pedagogy?

The participants should be interested in exchanging and developing good practices, methods, materials, tools, pedagogical approaches and/or ways of working in this specific field. Participants would also get information on Erasmus+ opportunities of cooperation.

Programme of event: from Monday mid-day to Friday mid-day. The study visit includes:

- expert presentations;
- study visits to educational sights in the Poitiers area;
- joint discussions and workshops;
- Erasmus+ information.

3 Expected results:

Expected results: Sharing experiences, practices and educational policies with other specialists from all over Europe on the topic. Meeting projects, experts and participate actively to workshops in order to enrich practices. Discovering Erasmus + opportunities to go further at European level.

4 Additional information:

This study visit is organized in cooperation with ESENER / IHEEF Institut des Hautes études de l'éducation et de la formation (*National College for Education Management, Higher Education and Research*) in Poitiers. This TCA is on budget 201
